Problem Statement

The significant challenge of inadequate education quality in Sub-Saharan Africa was starkly evident in 2020, as approximately 100 million children of primary and lower secondary school age lacked fundamental skills in reading and mathematics.

This situation underscores the pressing need to address the lack of access to quality education in the region, as it not only deprives individuals and communities of opportunities for personal growth but also perpetuates cycles of poverty and hinders socio-economic progress.

Moreover, the widening disparities in educational outcomes exacerbate the situation, limiting the region's potential for sustainable development. Efforts to bridge this gap must prioritize investments in infrastructure, teacher training, curriculum development, and community engagement to ensure that all children in Sub-Saharan Africa receive an education that equips them with the skills necessary for success in the 21st century.

4. Share all your team roles, both primary and backup. Write the peer's name and the role(s) they are filling next to it. For example: *Josephine Oware - Project Manager (primary); Data Analyst (backup)*. Each team has 4 - 6 people and you must write at the very least 4 names and 4 team roles. But if for any reason you end up with fewer people, you can still write at least 4 roles (2 primary and 2 backup for each person.)

1. Mohamed Hgar - project manager (Primary) - Product manager (Back-up)
2. Rooly Marvin - UI/UX designer (Primary) - UX researcher (Back-up)
3. Tebogo Mataba - Data analyst (Primary) - UX designer (Back-up)

4. Rutajoga Shema Kenny Owen - UX researcher (Primary) - UI/UX designer (back-up)
